

BIOTECHNOLOGY

MEDICINAL PLANTS UNDER THREAT

SIPHONCHILLUS AETHIOPICUS **WILD GINGER**

WILD GINGER IS USED BY TRADITIONAL HEALERS TO TREAT ASTHMA, HYSTERIA, COLDS, COUGHS AND FLU.

THERE ARE VERY FEW WILD GINGER LEFT IN THE WILD. IT IS THOUGHT TO BE **EXTINCT** IN KWAZULU NATAL! THE PLANTS WERE USED UP **FASTER** THAN NEW ONES COULD GROW.
